

Dash

FIRM - Recovered Coastal Plastic

Item # 11601BX_ _: Dash Bench (straight design):
47" Length - 18" Width - 16.5" Seat Height, 39 lbs

Swerve (arc) and Dash (straight) benches are designed to work together and can be arranged to fit your space. Tenjam has made a giant leap forward in recycled materials and proven that Recovered Coastal Plastic (RCP) can be economically recovered, recycled, and turned into high performance products. RCP is plastic debris recovered from shorelines, waterways, and coastal communities where it's intercepted before entering the ocean. All Tenjam FIRM Series products include a varying percentage of RCP material in their construction. This is a hard plastic product suitable for indoor and outdoor environments. 100% recyclable. Certified for healthy indoor air quality.

GANGING INSTRUCTIONS - SWERVE & DASH

Ganging Bracket Kit for Dash & Swerve Optional Item # 90501XXSS

Both Swerve and Dash have the ability to be connected to one another in several different configurations, or to be anchored to the floor. This is done with optional ganging brackets made of stainless steel. Kit #90501XXSS includes 2 Deluxe Brackets, 2 Straight Brackets, and 8 mounting screws.

Inline Connections - Hidden Hardware

The pieces can be connected as shown. Connect inline combinations of Dash & Swerve modular benches together using one Deluxe Bracket and one Simple Bracket.

90 Degree Turn

A single Deluxe Bracket can be used to connect two Dash units at a 90 degree angle, as shown.

Securing to the Ground

The Deluxe Brackets can be turned so the head faces outward and reveals the anchoring slot in the bracket. Add your own anchoring fasteners for your type of flooring.
