Hexagonal Replacement Cushion

#41007RCAG: Twisted Hex Replacement Cushion, Dark Gray

The base of Twisted Hex is hard plastic and includes Recovered Coastal Plastic (RCP). RCP is plastic debris recovered from shorelines, waterways, and coastal communities where it's intercepted before entering the ocean. All Tenjam FIRM Series products include a percentage of RCP material in their construction. This product is suitable for indoor and outdoor use and features a waterproof cushion top that is weather and chemical resistant. The base of the product is 100% recyclable. Available in a 13" Height and 18" Height that can stack together.
