

Pricing is FOB Destination to any commercial warehouse with a loading dock and located in the contiguous USA.

- Customers outside the contiguous USA should request pricing for your specific delivery location.
- Tenjam will choose between Ground Parcel, Freight, or a combination of both. Pallets may be loaded to a maximum height of 96".
- List pricing assumes delivery to a commercial address with a standard height loading dock that can accept a 53 ft trailer. Freight can be delivered Monday through Friday from 8 AM to 5 PM and the delivery location has pallet moving equipment.
- Any extra freight special services are not included in the standard pricing and must be added to your purchase order if they are required by your customer or for your specific delivery location. Commonly added freight special services are shown below.

Freight Specials are costs the purchaser must add to a purchase order if applicable (one-time cost per delivery):

- Failure to add a Freight Special to the purchase order may result in cost penalties invoiced to the purchaser. Some delivery locations may require multiple freight specials and all applicable specials must be added to the purchase order. Dealer discount will be applied to Freight Specials list prices.
- Products noted as "FREIGHT ONLY" can only be shipped via a freight carrier and even a single unit will need to be shipped on a pallet. These products are oversized and cannot ship via a parcel carrier service like FedEx Ground. When ordering these products make sure the delivery location is a commercial warehouse that can accept delivery by a full size truck with a 53 ft trailer and the delivery location has a dock and pallet moving equipment. If the delivery location cannot meet these requirements then you must add any applicable freight special services shown below.
- ADD \$40 List Price: "Call Before Delivery" if the freight carrier must call the delivery location prior to delivery. This is not an appointment.
- ADD \$70 List Price: "Delivery Appointment Required" if the freight carrier is required to set a delivery appointment at least 24 hours in advance.
- ADD \$210 List Price: "Lift Gate Service" if the delivery location doesn't have a standard height loading dock or doesn't have unloading equipment.
- ADD \$90 List Price: "Limited Access" if the delivery address is not a commercial warehouse. This includes deliveries to construction sites, military bases, prisons, schools/universities, churches, storage facilities, piers, airports, zoo's & aquariums, government facilities, Hotels or resorts, hospitals, doctor offices, museums, shopping malls, residential address, or other Limited Access locations.
- If "Inside Delivery" freight service is needed please email customer@tenjam.com to request a quote for Inside Delivery Service.

Orders of 8 units or less of any mix of products noted as "Parcel" shipping on this price sheet are exempt from any additional freight special charges as we will most likely ship your order via a ground parcel shipping service like FedEx Ground in order for us to avoid added fees charged by freight carriers.

Orders of 9 units or more of any mix of products noted as "Parcel or Freight" shipping are subject to freight special charges above as we will most likely ship your purchase order via a freight carrier so all of the products arrive together.

OPTIONAL ITEM	WEIGHTCAP	Tamper resistant screw cap provides a 1-3/4" diameter opening on the bottom of the furniture. Allows the core to be filled with pea-gravel for added weight. Gravel must be sourced and installed locally.	\$ 40	factory installed option		

Note about core filling Session Series products with pea-gravel (with #WEIGHTCAP option only):

- The #WEIGHTCAP option must be added on the order so we install the components into the bottom of the furniture during manufacturing.
- This is not an option that can be added/retrofitted in the field.
- Only Pea-size gravel can be used to fill the core of the Session Series products. Other weight filling material cannot be used as they will block tiny air holes added to the bottoms of the units that allow the internal air pressure to equalize with external air pressure.
- If you notice the unit appears to have surfaces that become concave or begin to bulge this is a sign that the air hole(s) have become blocked by the added gravel and you simply need to drill two additional 1/8" holes anywhere into the bottom of the furniture so the core can equalize properly.
- Pea-size gravel must be sourced and installed locally as Tenjam does not supply this material.

QuickShip Programs:

- Items on the Tenjam QuickShip program will be shipped on or before 10 business days from date of "clean" order acceptance. QuickShip 10 business days does not include weekends or holidays. The date the order is received is counted as day zero.
- Available factory capacity for QuickShip is filled by orders received on a "first come, first served" basis. If the normal 10-day lead time is not available because manufacturing capacity has been filled, you will be immediately advised.
- Purchase orders must include only QuickShip items in order to be placed in our QuickShip production scheduling. Purchase orders including non-QuickShip products will be entered into production with normal lead times. For information on stock availability, call our Tenjam Customer Care hotline #855-483-6526 or email customer@tenjam.com
- Session Series and DuraFLEX Series QuickShip products can be combined on a single QuickShip order.

- These products are all suitable for use in and around a swimming pool in a range of shallow water depths.
- Some products have been modified for in-pool use to allow water to easily enter the product core and to drain when removed from the pool.
- Some products have been modified to add cupholders. Cupholders are standard on the products allowing for them. Select the SKU with the Cupholder color you desire (White = WH, Black = BL). Cupholders are removable for cleaning and they are not permanently bonded to the furniture.
