

### Shipping/Freight Rules:

Pricing is FOB Destination to any commercial warehouse with a loading dock and located in the contiguous USA.

- Any extra freight special services are not included in the standard pricing and must be added to your purchase order if they are required by your customer or for your specific delivery location. Commonly added freight special services are shown below.
- Tenjam will choose between Ground Parcel, Freight, or a combination of both. Pallets may be loaded to a maximum height of 96".
- List pricing assumes delivery to a commercial address with a standard height loading dock that can accept a 53 ft trailer.
- Freight can be delivered Monday through Friday from 8 AM to 5 PM without an appointment and the delivery location has pallet moving equipment. **If the warehouse is closed randomly or for employee breaks you must add "Delivery Appointment Required" to your purchase order = \$70 List Price.**
- Customers outside the contiguous USA should request pricing for your specific delivery location.
- Orders of 8 units or less of any mix of small products that can ship via standard Ground shipping service (NOT OVERSIZED ITEMS) are exempt from any additional freight special charges as we will most likely ship your order via a ground parcel shipping service like FedEx Ground in order for us to avoid added fees charged by freight carriers.
- Orders of 9 units or more are subject to freight special charges below as we will most likely ship your purchase order via a freight carrier so all of the products arrive together.
- Orders with one or more Oversized Items will always ship via Freight.

### Freight Special Services are costs the purchaser must add to a purchase order if applicable (one-time cost per delivery):

- Failure to add a Freight Special to the purchase order may result in cost penalties invoiced to the purchaser. Apply dealer discount to List Prices.
- Freight special services apply to all orders of 9 units or more and any order that has at least one "Oversized" product.

#### The Most Common Freight Special Services:

- **ADD \$70 List Price: "Delivery Appointment Required"** if the freight carrier is required to set a delivery appointment at least 24 hours in advance. This must be applied to every order that ships to a location other than a commercial warehouse. This must also be added if the commercial warehouse is not open Monday through Friday from 8AM to 5PM with zero closures during the day. If you don't add this service you agree that a freight carrier can arrive at the delivery location with zero notice and the truck will be unloaded within 15 minutes of the arrival. If the truck is turned away or not unloaded because of failure to add a delivery appointment, the purchaser is responsible for any cost penalties assessed by the carrier.
- **ADD \$370 List Price: "Lift Gate & Limited Access Service & Delivery Appointment"** if the delivery location doesn't have a standard height loading dock or doesn't have unloading equipment. With this service the carrier will contact the appointed representative at the delivery location and set a delivery appointment. When the carrier arrives at the site the delivery person must be present to accept the delivery within 15 minutes of the carrier arrival. If the carrier is delayed by the delivery location the purchaser is responsible for any cost penalties assessed by the carrier. The carrier will lower the freight to the street level at the rear of the truck. The carrier is not required to move the freight beyond the rear of the truck.
- **If "Inside Delivery" freight service is needed please email customer@tenjam.com to request a quote for Inside Delivery Service.**

### Session Series Product Options:

**Weightcap:** this is a threaded screw plug welded into the bottom of some Session Series hard plastic products. Allowing the customer to add pea-gravel into the hollow core of the product. This is not an option that can be installed in the field and must be selected at the time of ordering. The pea-gravel must be sourced and installed locally. Choose gravel that is small (1/4" to 3/4" diameter stones) that are washed and have reduced dust. The products have air holes added to the bottoms so the internal air pressure can self regulate with the external air pressure. Using dusty gravel to fill the product core is likely to block the movement of air in and out of the product core.

**Soft Touch** seat toppers are always 2-tone gray color. The material is marine grade EVA foam with adhesive formulated for polyethylene material. Polyethylene gets very hot when used outdoors in direct sunlight locations. Soft Touch provides excellent heat dissipation in outdoor environments and lowers the surface temperature of the seating surface. Soft Touch also adds slip resistance to the top surface so water bottles and other items don't slide off the top surfaces. Soft Touch adds a slight amount of cushioning for indoor and outdoor use.

## Session Series

All Session Series products are suitable for indoor and outdoor use. Hard plastic material (polyethylene). 100% Recyclable.
