CURVED PENTAGON SESSION

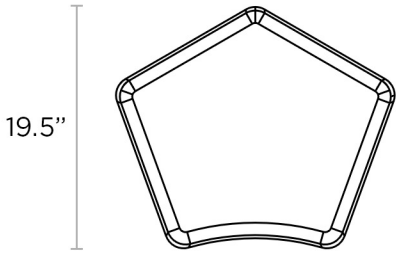

#15004BX _ _ - Curved Pentagon 16” Height, Color TBD
#15004AX _ _ - Curved Pentagon 12” Height, Color TBD

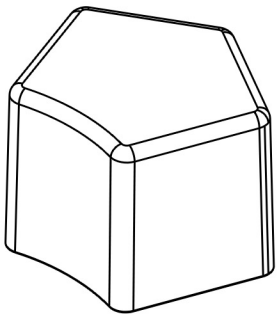

Curved Pentagon transforms simple seating into a flexible design tool. With compact, modular, and geometric forms that configure seamlessly, Curved Pentagon makes it easy to shape spaces that invite gathering, conversation, and collaboration. Designed to adapt to its surroundings, the stools can be arranged in straight runs, gentle curves, or informal clusters. Available in 12" and 16" height options to fit a wide range of ages.

- Designed for use both indoors or outdoors, in demanding environments such as school campuses, healthcare facilities, and busy commercial & hospitality spaces.
- Extremely durable, impact resistant and strong, with a 500-pound weight capacity.
- All-weather design is rustproof, waterproof, UV-stable and fade-resistant for lasting performance season after season.
- Crafted with a one-piece construction and rounded edges for safety.
- Easy to clean with soap and water or a bleach solution, with no stitched seams or crevices where bacteria can harbor.
- Santoprene rubber legs for floor protection and anti-slip resistance.
- Available with a WeightCap ballast option, which is a threaded screw plug on the bottom of the furniture allowing up to 50-pounds of pea gravel to be added to the core for additional security.
- Available with a Soft Touch top option, which is a marine-grade EVA foam pad topper to provide additional cushion and insulation from hot surfaces when used outdoors.
- Made in the USA with premium materials and craftsmanship.

CURVED PENTAGON SESSION

WEIGHTED SEATING

Our Weightcap option is designed to provide extra weight ballast for select furniture collections, to provide enhanced wind-resistance, theft-deterrence, and to keep furniture pieces securely in place. This is particularly helpful in areas that are wind-prone such as rooftop installations, public spaces where an added level of security is needed, or in modular layout configurations to keep the furniture components correctly positioned.

The Weightcap is a threaded screw cap welded into the bottom of the furniture, allowing customers to fill the internal core with pea gravel for customized ballast. Curved Pentagon can accommodate up to 50 lbs. of added pea gravel weight.

The Weightcap is an option that must be specified at the time of ordering. The pea-gravel is not included, must be sourced and installed locally. For best results, use washed pea gravel with reduced dust and smaller stone sizes (1/4" to ¾" diameter stones).

#15004AWC _ _ - Curved Pentagon 12" Height w/ Weightcap, Color TBD

SOFT TOUCH FOAM TOP

Soft Touch Foam Top is an optional upgrade designed to enhance the performance, comfort, and style of select furniture collections.

Crafted from premium marine-grade EVA foam, Soft Touch provides a durable, waterproof, and easy-to-maintain surface built for demanding outdoor or indoor environments. The Soft Touch material stays cooler than standard polyethylene surfaces and provides an insulating layer for seating areas—especially beneficial for furniture installed in direct sunlight and spaces without overhead shade structures. Soft Touch Foam Top also provides an added measure of slip-resistance and cushioning. This option must be selected at the time of ordering for factory installation and cannot be field installed.

Available in Light Gray (LG) and Tan (TA), Soft Touch Foam Top pairs seamlessly with Tenjam's fifteen standard base colors.

#15004BST _ _ _ _ - Curved Pentagon 16" Height w/ Soft Touch Top, Colors TBD

#15004AST _ _ _ _ - Curved Pentagon 12" Height w/ Soft Touch Top, Colors TBD

- First two blanks indicate the desired Soft Touch Foam Color.
- Last two blanks correspond to the color code for one of the 15 standard base colors.
