

Session Series WEIGHTCAP Option:

Weightcap: this is a threaded screw plug welded into the bottom of some Session Series hard plastic products. Allowing the customer to add pea-gravel into the hollow core of the product. This is not an option that can be installed in the field and must be selected at the time of ordering. The pea-gravel must be sourced and installed locally. Choose gravel that is small (1/4" to 3/4" diameter stones) that are washed and have reduced dust. The products have air holes added to the bottoms so the internal air pressure can self regulate with the external air pressure. Using dusty gravel to fill the product core is likely to block the movement of air in and out of the product core.

Session Series Soft Touch Top Option:

Soft Touch seat toppers are Gray color for all product colors except for Desert Sandstone and River Rock (Beige/Tan soft touch pads on these two product colors). The material is marine grade EVA foam with adhesive formulated for polyethylene material. Polyethylene gets very hot when used outdoors in direct sunlight locations. Soft Touch lowers the surface temperature of the seating surface. Soft Touch also adds slip resistance to the top surface so water bottles and other items don't slide off the top surfaces. Soft Touch adds a slight amount of cushioning for indoor and outdoor use.

Session Series

All Session Series products are suitable for indoor and outdoor use. Hard plastic material (polyethylene). 100% Recyclable.

Session Series Plastic Standard Color Codes:

MB = Medium Blue
AG = Anthracite Gray
GG = Gray Granite

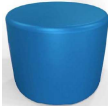

LB = Light Blue
MG = Medium Gray
RR = River Rock

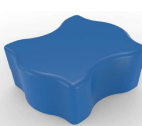

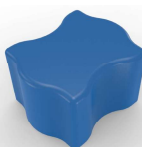

DB = Dark Blue
SB = Surf Blue
DS = Desert Sandstone

YE = Yellow
OR = Orange
RD = Red

LM = Lime Green
VI = Violet
WG = White Granite

Use the 2-letter color code to complete the last 2-digits of the product part number.
